Dear Comrade:

Last time I have sent you a letter, I do not whether you have received it. In that letter, I have stated that when Dalin came back, told me that Karahan decided to call you back, it is a very good news to tell you. But so far ~~to~~ I have got from her no news about it. I have asked the foreign office and our department, they do not know anything about it. I am informed that Wilde is on way back to Moscow. When I shall <sup>have</sup> seen him perhaps I can know exact news about you.

How are you getting on at present?  
Please write me time to time!

With greetings

Chaubal
